

Custom Handling Equipment

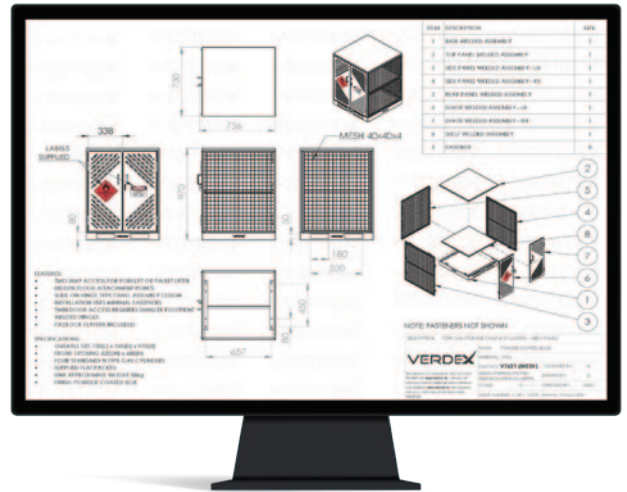

VERDEX
Incorporates **MHA**

Custom Projects

Our in house design & engineering team can assist in creating products to suit your workplace necessities. We will work with you every step of the way to take your specific requirements from vision to execution.

We've assisted many Australian businesses in enhancing workplace safety & efficiency by providing the highest quality range of products.

Our custom projects portfolio features a diverse product range including:

**TROLLEYS • LIFTERS • STILLAGES
WORKBENCHES • CONVEYORS • RAMPS
ATTACHMENTS • SHELVING / STORAGE**

For over 30 years Verdex has fulfilled project workplace orders by creating products specifically curated to suit our customer's needs.

We understand that a one-size-fits-all approach is not suitable for every workplace. Which is why Verdex welcomes all enquiries & is dedicated to equip your business with products to suit your exact application.

Fully Realised Workplace Solutions

From concept to construction, our team will design & construct products to suit your specific application. Our mission is to equip workplaces with the safest & highest quality products, which is why every product is tested & certified to meet Australian Standards.

All product testing is carried out locally to ensure premium quality. We provide certification for all designs available at any request.
